

The Joint Health and Social Care Self-Assessment Framework 2014 2015

What's it all about and what are we checking?

What's it all about?

The Joint Health and Social Care Self-Assessment Framework helps areas check that people with learning disabilities and their families:

- Get the same life chances as other people such as having a job or being safe where they live.
- Get good access to health services to stop them becoming unwell when this could have been stopped.

Checking that people are...

Staying Healthy- This includes getting a good service from the doctors, chemist, dentists, hospital and more.

Being Safe- This is about being safe in lots of different places such as in your home, whilst in hospital or out and about on the bus.

Living Well- This about making sure people are part of the what happens in their area such as festivals or going to the cinema.

RAG Rating

This helps us decide how well we are doing.

- **Red** means we have a lot of work to do on something
- **Amber** means there is some work done but more is needed
- **Green** means we are doing really well.

B6: Treating people with compassion, dignity and respect

This question should be answered by people and families as they are the best people to know what it feels like to get support in your area

Red- People and families agree that a few or no providers treat people with compassion, dignity and respect.

Amber- People and families agree that most providers do in your area

Green- people and families agree that all providers do in your area

C8: A question for carers- How satisfied are you that your needs as a carer are being met

Red: Most carers do not think their needs are being met

Amber: Most carers think things are ok

Green: Most carers are satisfied

C9: Your big score!

The Improving Health and Lives team will look at all the answers you send in. They will then give each area one big score of either:

- Red
- Amber
- Green

This will let your local Health and Wellbeing Board know how well you are doing in your area.
