

Questionnaire about services for adults with learning disabilities and mental health needs

Why are we asking for your views?

Rutland County Council pays for services to support people with learning disabilities and mental health needs in Rutland. This support can be helping people to live independently or in residential care, or to have home care or day services. It can be about providing the support of an advocate.

You will have heard that all councils are having to make savings, and Rutland wants to find out if the services they buy are working well and meeting people's needs.

Below are some questions and we would be pleased if you could fill in this questionnaire and return it. Everyone's answers will be collected together and looked at by the people at the Council who buy the services.

Thank you for completing this. Your answers will help the Council buy the best services in the future.

Please send your completed questionnaire back to:
